On August 31st 2024 Tony Moore Will Embark On His First Ever World Tour Presenting The Critically Acclaimed One Man Show "AWAKE" Opening For UK Rock Band British Lion On All Their Upcoming Headline Dates.

July 19th, 2024 - (London, UK). London based Artist **Tony Moore** is set to perform his one man show "**AWAKE**" for audiences all around the globe as he begins his first ever World tour on August 31st 2024 as special guest opening for UK band British Lion.

British Lion are an English hard rock band featuring [Steve Harris](#), best known as the bassist for [Iron Maiden](#). The tour will begin in Australia and then continue on to New

Zealand, Japan, and North America. The shows have been specially arranged to take place in between dates on the Iron Maiden World Tour.

Tony also stepped in as guest keyboard player for British Lion during their recent shows in Portugal and Spain, marking the first time he and Steve have played together since Tony joined Iron Maiden in 1977.

After The British Lion shows finish in America, Tony will continue around the USA and Canada performing his own headline shows that will weave in and around Iron Maiden tour dates at the same time.

Tony says “This will be my first time visiting Australia and New Zealand and I am very excited to be able to open for British Lion and get to perform my music for a whole new audience. Steve is Executive Producer of the AWAKE Album, so these shows are extra special for me as has been and continues to be a massive inspiration and great believer in what I am doing”

AWAKE is a highly original one man show based around an album that was written and recorded in 2021. Although the album has not been officially released yet (it's available for download only on bandcamp.com at present), there have been over 60 packed performances of the live experience so far including a very successful UK tour in Jan 2024 plus a show at The Royal Albert Hall in London.
